Seeded database coverage

10 influencer users, 10 approved KYC submissions, 10 influencer marketplace listings and 10 backend-hosted public PNG cover images.

Image/media note: influencer marketplace covers are stored as public FileAsset rows and served by the backend media URL under <https://cine.nalexustechologies.com/media/>.

Recommended walkthrough

1. Open the live URL in Chrome or Safari.
2. Login with the email and password above.
3. Hard refresh once if the browser is holding an older Flutter web bundle.
4. Confirm the portal route, live cards/requests, and backend-hosted images render from the seeded database.
